Revised 12/1/2015
If students have selected Option 2 Embargoed Access on the mandatory Access Agreement Form, then they also must submit the two forms below. Both of those forms must be submitted for restricted access to be considered. Embargo requests must be approved by the Dean of The Graduate School. **Embargo requests will not be considered after a student's manuscript has been cleared.**

- **FSU Digital Repository Embargo Request Form**
  Justification is required on this form for ALL embargo requests. Justification includes the timeline for publication, and expected submission venues (which journals or publishing houses) or information concerning patent submission. Additional justification is required if you select Campus Community-Only Access after the embargo period expires. Campus Community-Only is typically reserved for those seeking to publish a book.

- **ProQuest Embargo Request Form**
  Check “24 Month Embargo” if you are selecting an embargo with World Wide Access after the embargo on the FSU Embargo Request Form. Check “I wish to permanently embargo my manuscript through UMI/ProQuest” if you checked Campus Community-Only Access after the embargo period expires. You may only permanently embargo through the ProQuest site if you are approved by the Dean of The Graduate School for Campus Community-Only Access.
