

# HOW TO CLAIM YOUR FSUID

After gaining acceptance to Florida State University, you will receive an email from FSU ITS Announcements. The email will contain your FSUID as well as your nine-digit EMPLID. Before you can use your FSUID, you must finish setting up your account. Please visit the [myFSU portal \(my.fsu.edu\)](https://my.fsu.edu), select **Activate/ Manage FSUID** and click **Activate Your FSUID/ Set Security Questions**.

## FSUID MANAGEMENT

### Need to reset your password?

If you have not previously set security questions or have not reset your password since June 1, 2018, click **Activate Your FSUID/Set Security Questions** below.

[Manage your FSU Account](#) 

## Account Activation

You will now be prompted to activate your account and set your security questions.

If you have an SSN on file, then you will be prompted to provide the last five digits:

### Enter SSN

Please enter the last five digits of your Social Security number (SSN).

  
  
[myFSU Portal | Get Help](#)

If you applied without providing your SSN, will be prompted to provide the email address used when applying to Florida State University.

### Enter Email

Please enter your personal email address.

**Email Address**

After verifying your SSN/email, you will be prompted to set security questions. Please note that the option to set your own security questions is available from the last item in the drop-down menu.

### Security Questions

FSU uses security questions to provide an extra layer of protection for your account. These questions will be used to verify your identity and reset your password if you ever forget it.

Select three **distinct** security questions and enter your answers (with at least 3 letters/numbers per question and answer) below. It is very important to remember your answers exactly as you type them.

Select an option from the drop-down list

What was the first thing you learned to cook?

What was the first movie you saw in theaters?

What is your favorite vacation destination?

What is the name of your favorite restaurant?

What was your favorite childhood TV show?

In what city did your parents meet? (e.g., Honolulu, HI)

Who was your childhood hero?

What was your favorite childhood beverage?

What is the first and last name of your favorite author?

What is the name of the manager at your first job?

What is the last name of your favorite teacher?

What was the name of your grandmother's pet?

**Other (I'd like to type my own question)**

After successfully setting security questions, you will be prompted to configure Duo two-factor authentication. Two-factor authentication (2FA) is an extra layer of security designed to prevent unauthorized access to your personal information. It requires you to verify your identity twice—once with your password and once with your phone or mobile device—before you can access sensitive information within select FSU systems.

### Protect Your FSU Development Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.

Next, you will be prompted to set a password. The password requirements will live update to inform you what you have and have not completed.

## Enter New Password

**Password Requirements:**

- ✔ At least eight characters
- ✘ One or more alpha characters (a-z, A-Z)
- ✔ One or more numeric characters (0-9)
- ✘ One or more non-alphanumeric characters (#~!@\$%^&\*+\_?<>)
- ✔ No spaces
- ✔ Not your name
- ✔ Not your FSUID
- ✔ New Password and Confirm Password must be the same

*New Password may not be any of your last ten passwords*

Continue
